As a consequence, starting from such date, UniCredit succeeded by operation of law to all rights and obligations of PGAM including, inter alia, those relating to the ownership of 51% of the equity share capital of each of Baroda Pioneer Asset Management Company Ltd. (“**BPAMC**”) and Baroda Pioneer Trustee Company Pvt. Ltd. (“**BPTC**”). A notice-cum-addendum no. 33/2017 dated December 29, 2017 informing investors / unit holders of BPMF on the said change was issued by BPAMC on December 30, 2017. Notice to Unit Holders in relation to Change in the Controlling Interest of BPAMC pursuant to the Proposed Transaction

While the aforementioned changes will not affect the basic characteristic of the schemes of BPMF nor constitute any change in fundamental attributes of the schemes including their investment objective, Regulation 22(e) of the MF Regulations requires that for a change in controlling interest of an asset management company, in this case BPAMC, (i) a written communication about the proposed change be sent to each unit holder and an advertisement be placed in one English daily newspaper having nationwide circulation and in a newspaper published in the language of the region where the head office of the mutual fund is situated; (ii) the unit holders be given an exit option at prevailing net asset value (“**NAV**”) without any exit load for a period of 30 (thirty) days.

Accordingly, this Notice serves as a communication to the unit holders of the schemes of BPMF about the change in controlling interest of BPAMC pursuant to the Proposed Transaction and each unit holder is hereby given an option to exit their investments in the scheme(s) of BPMF at the prevailing NAV without exit load, if any. The exit option will be available to all the unit holders of the schemes (except in case of Baroda Pioneer ELSS’96 where the units are locked-in for three years from the date of allotment and in case of unit holders who have pledged their units) as per the records of the Registrar, as at the close of business hours on August 3, 2018. Unit holders who have pledged or encumbered their units will not have the option to exit unless they procure a release of their pledges/encumbrances and appropriately communicate the same to BPMF / Registrar prior to submission of redemption requests.

The redemption warrant/cheque will be mailed or the amount of redemption will be credited to unit holder’s bank account (as registered in the records of the Registrar) within 10 (ten) working days from the date of receipt of redemption request.

The offer to exit is merely an option and is not mandatory. If you have no objection to the proposed change in controlling interest of BPAMC and proposed changes as aforesaid, no action needs to be taken by you.

Please note that unit holders who do not opt for redemption on or before September 6, 2018 shall be deemed to have consented to the changes specified in this Notice and shall continue to hold units in the schemes of BPMF. In case the unit holders disagree with the aforesaid changes, they may redeem all or part of the units in the respective scheme(s) of BPMF by exercising the exit option, without exit load within the Exit Option Period by submitting a redemption request at the nearest Investor Service Centre of BPAMC or of the Registrar at the addresses listed in **Exhibit 5** of the letter sent to the unit holders, or to the depository participant (in case of units held in electronic (demat) mode). In addition to the instruments stated in the above table, the scheme may enter into reverse repos in government securities as may be permitted by SEBI and RBI and in CBLO in line with relevant RBI regulations.</p> <p>The scheme does not intend to undertake / invest/engage in Credit Default Swaps (CDS) transactions.</p>																																																															
Investment Strategy	<p>The Scheme has a dual objective of generating capital appreciation by investing in equity and equity related securities as well as generating income by investing in debt and money market securities, while attempting to manage risk from the market through active asset allocation. In order to achieve this process, the Scheme will follow a top-down and bottom-up strategy. The top-down process will lead to the active ongoing asset allocation decision between equity and debt and the bottom up process would lead to construction of the portfolio using specific securities.</p> <p>The AMC has built a proprietary model for asset allocation based on the valuations and fundamentals of the companies. The valuation parameters chosen for the asset allocation are PE, P/BV, Dividend yield and the difference of earnings yield and 10 year Government Bond. The rationale behind choosing multiple valuation parameters instead of only PE, is to incorporate the status of the three important financial statements, the P&L, balance sheet and cash flow statement. Different weights have been assigned to different valuation parameters with more emphasis on the balance sheet and cash flow related parameters. The model will be revisited if needed, and adjustments made if needed, to ensure that the outcomes remain relevant to the market environment.</p> <p>Assumptions of the proprietary model</p> <ul style="list-style-type: none"> BSE 200 index was chosen for the calculation of equity returns and for comparing the portfolio returns. 10 year G-sec was chosen for the calculation of debt returns. Valuation parameters were chosen on the trailing 12 months basis. <p>The model would be run on monthly basis to decide the asset allocation. Generally, once the allocation is fixed, it will not be changed till the next month except in case of extraordinary situations where extreme volatility in the markets would force a change in asset allocation.</p> <p>Equity allocation based on the model</p> <p>The gross equity exposure will be maintained in the range of 65% to 100% while the net equity exposure will be maintained between 30% to 100%. The difference between gross and net variation would generally be invested in arbitrage or in arbitrage equity mutual funds. The model would follow the matrix approach for asset allocation based on different parameters.</p> <p>Fixed Income allocation based on the model</p> <p>The exposure to Debt & Money Market Instruments including cash and cash equivalents will be maintained in the range of 0% to 35%. The model would follow the matrix approach for asset allocation based on different parameters.</p> <p>Once the asset allocation has been decided based on the model, the portfolio would be constructed based on top-down as well as bottom-up approach using our core principle of investing, GARP (Growth At a Reasonable Price). The Scheme retains the flexibility to deviate from the asset allocation model, depending on the market conditions, market opportunities, applicable regulations and political and economic factors.</p> <p>An illustration of the asset allocation model :</p> <p>Based on 30% minimum equity allocation</p> <table border="1"> <thead> <tr> <th>Valuation Parameter</th> <th>P/E (x)</th> <th>P/BV (x)</th> <th>Div. Investors may note that the above tables are merely illustrative and do not seek to convey that the Scheme would adhere to the equity and fixed income allocations in the scenarios depicted above. The Scheme retains the flexibility to deviate from the asset allocation model, depending on the market conditions, market opportunities, applicable regulations and political and economic factors.																																								
Risk Profile of the scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Scheme specific Risk Factors are summarized below :-</p> <ul style="list-style-type: none"> The Scheme attempts to manage risk through active asset allocation. Based on the historical analysis done by the AMC, such a scheme is able to generate a lower risk profile compared to a 100% equity investment strategy. However, there is no certainty that the active asset allocation approach will be able to manage risk as effectively going forward. The quantitative model is based on the analysis of past performance of fundamental factors, which have relevance to equity and fixed income markets. If the relevance of these factors to influence the respective markets diminishes, it will impact asset allocation and consequently, returns of the Scheme will be impacted. Valuation parameters chosen and the weights assigned are based on the historical analysis and may not hold well in the future if there is extreme change in the perception of the market participants. During periods of extreme volatility in short period of time, the model may underperform the benchmark for short term, however this is likely to average out in the longer term. The Scheme would be rebalanced on a monthly basis. Any sharp volatility in short term may impact the desired asset allocation and hence, the Scheme returns. <p>Please read the SID carefully for details on risk factors before investment.</p>																																							
Risk management strategy	<p>Investment in equity and equity related securities carry various risk such as inability to sell securities, trading volumes & settlement periods, liquidity risk, default risk, reinvestment risk etc. Whilst such risk cannot be eliminated, they may be mitigated by diversification and hedging. Further, the portfolio of a Scheme will be constructed in accordance with the investment restrictions specified under the SEBI (Mutual Fund) Regulations, which would help in mitigating certain risk relating to investment in securities market.</p> <p>Investment in debt securities carries various risk such as inability to sell securities, trading volumes & settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risk cannot be eliminated, they may be mitigated by diversification.</p>																																							
Plans & Options	<p>The Scheme will have two Plans : Regular and Direct.</p> <p>Direct Plan is meant for direct investments, i.e. for investors who purchase/subscribe to the units of the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor, while the Regular Plan is meant for investors who route their investments through distributors only.</p> <p>Both Plans will have a common portfolio but the Direct Plan will have a lower expense ratio on account of absence of brokerage and commission. Hence, both Plans will have distinct NAVs.</p> <p>Each of the Plans will have the following options:</p> <p>A. Growth Option (default option in case no option specified by investor);</p> <p>B. Dividend Option</p> <p>a. Payout;</p> <p>b. Investors (being individuals) applying for Micro SIP registrations are exempt from mandatory requirement of PAN submission. Such set of customers, however, need to complete the necessary KYC requirements, and get a unique reference number from the KRA's system called PAN Exempt KYC Reference No. (PEKRN).
A copy of the KRA issuance letter containing PEKRN should be attached with each application/ transaction.
- In the event of any Application Form being subsequently rejected for mismatch of applicant's PAN details with the details on the website of the Income Tax Department, the investment transaction will be cancelled and the amount may be redeemed at the applicable NAV, subject to levy of exit load, if any. Please contact any of the Investor Service Centres / Registrar / Distributors or visit our website, www.barodapioneer.in, for further details.

2. KYC :

- To simplify KYC norms and make them more investor friendly and uniform across all intermediaries registered with SEBI, SEBI has recently laid down certain changes in the KYC process. The primary objective behind this is to eliminate duplication of KYC across intermediaries in the securities market. For this purpose, KYC registration is being centralized through KYC Registration Agencies ("KRA") registered with SEBI. Thus, each investor has to undergo a uniform KYC process only once in the securities market and the details would be shared with other intermediaries by the KRAs. CDSL Ventures Ltd. ("CVL"), who was retained by mutual funds for centralized registration and record keeping of KYC records, has obtained SEBI registration as a KRA. Further, SEBI has mandated an In Person Verification ("IPV") of clients to be carried out as part of KYC. IPV shall be a one-time process, and once it is carried out by an intermediary, may be relied upon by other intermediaries also. For mutual funds, IPV may be carried out by the AMC or by the Registrar, or by Know Your Distributor ("KYD") compliant distributors who hold valid certifications issued by the National Institute of Securities Market ("NISM")/ Association of Mutual Funds in India ("AMFI") for their own clients or by Scheduled Commercial Banks (SCB).
- Under the new uniform KYC norms, the following shall be applicable for investing in the Scheme under this KIM :
 - For New Investors who are not KYC compliant under the erstwhile or new KYC norms:
 - KYC Application Form to be used, which is attached along with the application.
 - IPV/ Document verification to be done by the Registrar/AMC/KYD compliant distributors/SCBs.
 - Acknowledgement to be issued to the investor to facilitate subsequent investments from the investor.
 - KYC application and necessary documents should either come along with a financial transaction or when the account is opened. This is in line with demat and bank account opening process.
 - For New Investors who have already done their KYC with any other SEBI registered intermediary under the new KYC norms: a. Such KYC compliant investors would not be required to do KYC again.
 - For Existing Investors in the MF Industry: They will not be required to do KYC again.

- Investors who have completed their Centralised KYC (CKYC) and have obtained KYC Identification Number (KIN) from the Central KYC Records Registry (CKYCR), may quote their KIN while investing.
- KYC compliance with a KRA and enclosing the KYC Acknowledgement along with the Application Form are mandatory for all investors, including individuals, non-individuals, NRIs and channel investors, irrespective of the amount of application/value of transaction. Applicants applying for units through a PoA must ensure that the KYC Acknowledgement of both the issuer of the PoA and the holder of the PoA are enclosed along with the Application Form. The KYC Acknowledgement referred above will be issued by the KRA when an investor submits to the KRA, a KYC application and the prescribed documents. This KYC Acknowledgement is issued by the KRA as a token of having verified the identity and address of the investor(s) and for efficient retrieval of records.
- KYC status will be validated with the records of the KRA before allotting units. The Fund/AMC will not be held responsible and /or liable for rejection of KYC Form by the KRA. Where it is not possible to verify the KYC compliance status of the investor at the time of allotment of units, the Registrar/AMC/Trustee shall verify the KYC compliance status of the investor within a reasonable time after the allotment of units. In the event of non-compliance of KYC requirements, the Trustee / AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to levy of exit load, if any. In case of an investor applying for CKYC effective February 1, 2017, if there is a mismatch in the name appearing in the CKYC application form and the one mentioned in the Proof of Identity (POI) document, CERSAI will reject the CKYC application. Investors are, therefore, advised to ensure that their names appearing in the CKYC application form and in the POI document are same.
- Please note that you need to comply with the KYC requirements by submitting requisite documents to the Registrar/AMC/Fund or any SEBI registered KRA and attaching the KYC Acknowledgement with the Application Form. For more information, please log on to www.cvindia.com / www.amfindia.com, before investing.

Applications are liable to be rejected if KYC requirements are not complied with by all the applicants, and if KYC acknowledgement is not enclosed with the Application Form.

Please note that KYC applicability norms for various investor categories may change anytime in future. Hence, with a view to avoiding rejections, investors are requested to apprise themselves about KYC applicability before submitting their transactions.

 - The AMC reserves the right to reject the Application Form, or call for additional details, if the payment bank account and other details are not mentioned on the Application Form and/or do not match with the payment instrument and/or necessary documents and declaration, as applicable to respective investors and transactions, are not attached or are insufficient. In case the funds are transferred to the Scheme account prior to the rejection of the Application Form, the amount transferred may not be refunded or redeemed unless the investor establishes KYC with additional documentation.
 - Investors are advised to visit www.barodapioneer.in for more details, including the formats.

10. Please note that:

- (i) **Plan A** is meant for investors who route their investments through distributors only (please note that all investors of the Schemes as on December 31, 2012 are, from January 01, 2013, regarded as investors of Plan A).
- (ii) **Plan B (Direct)** is meant for direct investments, i.e. for investors who purchase/subscribe to the units of the Scheme directly with the Fund, and is not available for investors who route their investments through a Distributor.

Both Plans will have a common portfolio, but Plan B (Direct) will have a lower expense on account of absence of brokerage and commission. Hence both plans will have distinct NAVs. Also, the Options / Sub-Options presently offered under each Scheme, i.e. under Plan A, will also be available for subscription under Plan B (Direct).

Further, the Organization of Economic Development ("OECD") along with G-20 countries has released a 'Standard for Automatic Exchange of Financial Account Information in Tax Matters' commonly known as Common Reporting Standard ('CRS'). India is signatory to the Multilateral Competent Authority Agreement ("MCAA") for the purposes of CRS.

The AMC / Mutual Fund is classified as "Foreign Financial Institution" under the FATCA provisions. The intention of FATCA is that the details of U.S. investors holding assets outside the U.S. will be reported by financial institutions to the United States Internal Revenue Service (IRS), as a safeguard against U.S. tax evasion. As a result of FATCA, and to discourage non-U.S. financial institutions from staying outside this regime, financial institutions that do not enter and comply with the regime will be subject to a 30% withholding tax with respect to certain U.S. source income. Under the FATCA regime, this withholding tax applies to payments that constitute interest, dividends and other types

In relevant cases, information will have to be reported to tax authorities / appointed agencies. Towards compliance, we may also be required to provide information to any institutions such as withholding agents for the purpose of ensuring appropriate withholding from the account or any proceeds in relation thereto.
